Requirement	Description	Priority
Simplify Course Registration	Provide a streamlined, user-friendly registration process to reduce bounce rate and encourage more online enrollments.	1 (Must Have)
Dynamic Course Catalogue Management	Enable marketing team to add, update, remove, and mark courses as featured dynamically without technical involvement.	1 (Must Have)
Content & Event Publishing	Allow frequently updated marketing content, blogs, and live streaming of academy events to attract and engage users.	2 (Very Important)
Student Information System (SIS)	Centralize student applications, approval workflows, enrollment records, and compliance with unified student profiles.	1 (Must Have)
Learning Management System (LMS)	Provide students and instructors with a platform (web and mobile) to access learning materials, assignments, attendance, and evaluations.	1 (Must Have)
Mobile App Support	Ensure students and instructors can access LMS features via dedicated iOS and Android mobile apps.	2 (Very Important)

National Compliance (NELC & NAFATH)	Support NAFATH ID verification, unified student profile integration, and parental approval workflow (<14) for legal compliance.	1 (Must Have)
Role-Based Access Control	Enforce secure, role-specific access for admin, instructors, students, and marketing team.	1 (Must Have)
Eliminate Redundant Data Entry	Ensure data is entered once and reused across all systems (SIS, LMS, CMS) to increase efficiency and reduce errors.	1 (Must Have)
Online Payment Readiness	Integrate payment gateway to support future paid courses while maintaining free options initially.	2 (Very Important)
Branding Consistency	Ensure all interfaces (website, mobile, portals) reflect the academy's branding guidelines and professional identity.	2 (Very Important)
Bilingual Support	Provide complete bilingual (Arabic/English) support across all user-facing interfaces.	1 (Must Have)
Analytics & Reporting	Integrate Google Analytics and provide reporting dashboards to track website traffic, student engagement, and learning outcomes.	2 (Very Important)
